

FLA Battery Acid-Neutralizing Sock

SOC3002 Absorbs up to 1 qt. per sock, 15 socks, FM Approved

Absorb and neutralize dangerous battery acid leaks and drips with these special-application socks.

- FM Approved (per Approval Standard 4955), UL Recognized and specially designed for FLA battery applications
- Acid-neutralizing filler works on any lead-acid batteries; protect your people and equipment against dangerous leaks, drips and spills
- Socks change color on contact with acid (but not water) to indicate that a spill has occurred
- Ideal for use with Battery Acid-Resistant Trays (sold separately)
