

Hog Heaven™ III Modular Anti-Fatigue Mat

FLM852 For Light Chemical Splash, For Light Oil/Grease Splash

Enjoy all-day, anti-fatigue comfort in dry areas with the Hog Heaven III Mat. Linkable tiles make it easy to build custom configurations to fit any workspace.

- Modular tile design with wedge-locking, dove-tail connectors provides flexibility to build custom shapes in areas with unique dimensions, large floor spaces, and workstations that require varying degrees of protection
- Worn mats can be replaced tile by tile as opposed to total replacement, saving money
- Outstanding anti-fatigue qualities for dry areas; premium closed-cell nitrile/PVC cushion backing provides all-day comfort
- Solid 20% recycled nitrile rubber top surface offers light splash protection for chemicals, oil and grease; remains flexible for life of product and will not curl or crack
- Woven PVC topping is molded to solid nitrile top for durability, so the surface will not delaminate; textured, slip-resistant surface helps improve safety; easy to sweep and clean
- Electrically conductive and certified slip resistant by the National Floor Safety Institute; safe for welding
- Borders available in black or black with yellow stripes
- Made in the U.S.A.
- Recommended for distribution, manufacturing and retail facilities for picking or assembly lines, workstations, checkout stations and more
- Mat dimensions are approximate
