

## Multi-Gate Expandable Outdoor Barricade

PLS1494 18.5" x 90" x 43", Expanded Length 7.5' L

All-HDPE construction and reflectors make this expandable barricade ideal for outdoor use.

- Accordion-style barricade can be pulled open quickly to block an area as wide as 7.5'
- Recycled high-density polyethylene resists impact, UV and extreme temperatures
- Collapses down to less than 6" wide and locks tight for compact storage
- Light-weight design and molded-in carrying handles make transportation and setup simple
- Fill base with water or sand for added stability; threaded caps prevent spills
- Fluorescent orange color and 52 reflective strips provide excellent visibility, day or night
- Hand-turn knobs let you secure position at any desired length to help limit accidental movement
- Slot on each end accepts safety tape; thread tape through and tie off to cover larger areas
- Great for redirecting vehicle traffic or helping control crowds
