

PIG™ 4-Drum Steel Spill Containment Deck

PAK221 Holds (4) 55 gal. Steel Drums, 51" x 51" x 6.5", 66 gal. Sump Capacity

Get the low-height profile you want, the sump capacity you need, and the durability you expect - and meet UFC requirements for storing chlorinated solvents and other flammables.

- Economical alternative to steel spill containment pallets; avoid the extra costs of pallet feet while still benefiting from full containment capacity
- Full-height internal support channels add strength; flow-through vents allow liquid to spread across sump
- Durable, powder-coated steel resists dents and provides years of service
- Steel grating lifts out for convenient access to sump
- Can be grounded to avoid static sparking; ideal for storing oils, lubricants, solvents, flammables and more
- Safely stores up to four drums at an easily accessible 6.5" height
- 66-gallon sump catches leaks and spills to help keep floors safe
- We test all of our Containment Pallet designs at max load for months to ensure they can handle full capacity at your facility

Specifications

Holds	(4) 55 gal. Steel Drums
Color	Black/Gray
Dimensions	51" W x 51" L x 6.5" H
Load Capacity UDL	6000 lbs.
Sump Capacity	66 gal.
Double-Stackable Unit	No
Drain	None
Fork Truck Access	No Fork Truck Access
Grates	(1) 51" L x 51" W Grate
Use With Flammables	Yes

Sold as	1 each
Weight	233 lbs.
# per Pallet	5
Composition	12 Gauge Steel
UNSPSC	24101905
Pigalog® Page Number	<u>Page 371</u>

Metric Equivalent

Dimensions	129.5cm W x 129.5cm L x 16.5cm H
Load Capacity UDL	2721.6 kg
Sump Capacity	249.8 L
Weight	105.7 kg
