

PIG® Acid Encapsulating/ Neutralizing Loose Absorbent

PLP801 Acids, Neutralizing Capacity Up to 13 gal., 1 container

Neutralizes and encapsulates spills of acids and then changes color to let you know when it's safe to finish the clean-up.

- Encapsulates and neutralizes common acid spills in one step; great for battery charging, transport and storage areas
- Changes color on contact with acid, then returns to normal when neutralization is complete; helps identify the best time to handle with the least amount of risk
- Instantly absorbs up to 98% concentrations of sulfuric acid
- Gelling agents solidify acid during neutralization and prevent it from leaching out

Specifications

Fluid Absorbed/Neutralized	Acids
Neutralizing Capacity	Up to 13 gal.
Unit Weight	40 lb.
Sold as	1 container
Weight	40 lbs.
# per Pallet	30
Composition	Polymer, Sodium Carbonate, Alizarin
Application	Encapsulating & Neutralizing
UNSPSC	47131902
Pigalog® Page Number	<u>Page 77</u>

Metric Equivalent

Weight	18.1 kg
