

PIG® Bottom-of-the-Barrel Absorbent Pillow

PAD221 Absorbs Oils, Coolants, Solvents, Water – Universal, Absorbs up to 5 gal. per each, 6 each

Trap free liquids from the industrial wastes in your drum to help comply with shipping and disposal regs.

- Pads absorb liquids that accumulate inside a drum from oily parts, absorbents, shop rags, spent filters, wipers and other solid industrial wastes that contain oils, coolants, solvents or water
- Using these pads can help you comply with shipping and disposal requirements for hazardous and recycled waste streams, as well as regs concerning bulk and containerized liquids
- Designed to be placed in the bottom of a drum prior to waste accumulation, but can also be layered within the drum if more absorbency is needed
- Specially designed, superabsorbent filler traps and holds onto liquids, with no leaching out back into the drum
- Not recommended for absorbing acids or bases
- Fits a 55-gallon drum and absorbs up to 5 gallons

Specifications

Fluid Absorbed	Oils, Coolants, Solvents, Water – Universal
Color	Gray
Dimensions	ext. dia. 22" x 2" H
