

PIG™ Build-A-Berm® Barrier Straight Section

PLR276 Ideal For Long-Term Custom Containment, 9" x 5' x 6"

Build a semi-permanent barrier around your machinery or storage areas with our crush-resistant spill berms.

- Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need - indoors or out
- Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment
- Durable, 18-oz. all-vinyl covering resists oils, coolants and most chemicals
- Cut to length with utility knife; for best installation results, secure to a smooth, sealed surface with sealant (sold separately) and join seams with vinyl cement (sold separately)
- Combine with Build-A-Berm Barrier Corners (sold separately) to create liquid-proof containment; ends overlap and seams can be sealed together with Industrial-Strength Vinyl Cement (sold separately)
- Contain leaks and spills around your machinery without building expensive concrete curbs or cutting and installing angle iron
- High-visibility yellow color draws attention to barrier for increased safety
- Easy removal requires only a flat-bladed shovel
- Great for use around battery charging stations, machinery or any other leak-prone areas
- 6"-high barriers are ideal for surrounding high-capacity storage tanks
- Sealant, industrial-strength vinyl cement and barrier corner pieces sold separately

Specifications

Traffic	Foot Traffic
Color	Yellow
Dimensions	9" W x 5' L x 6" H
Ideal For	Long-Term Custom Containment
Install/Deploy Type	Glued In Place Barrier

Temperature Limit	Works from -22°F to 160°F
Sold as	2 per box
Weight	9 lbs.
New Pig Patent	5,820,297
# per Pallet	28
Composition	Cover - 18 oz. Vinyl-Coated Fabric Core - Open-Cell Polyurethane Foam
UNSPSC	24101907
Pigalog® Page Number	<u>Page 169</u>

Metric Equivalent

Dimensions	22.9cm W x 152.4cm L x 15.2cm H
Weight	4.1 kg
