

## PIG® Burpless® Poly-Coated Steel Drum Funnel

DRM1128 For 20 to 55 gal. Plastic or Steel Drums w/ 2" NPT, Overfill Preventer Included, 11.25" x 15" x 15"

Patented Burpless design delivers fast, no-splash pouring and one-handed access for easy reg compliance.

- Fast pouring, no splashback and a one-hand latching lid make it easy to meet regs
- Exclusive latching handle design easily opens and closes lid in a simple, single-handed operation
- Secure closure helps you meet closed container regs, but opens and closes instantly
- Patented Burpless design vents during pouring for fast, smooth flow with no dangerous splashback
- Lets you pour without venting through 3/4" bung, a possible closed container reg violation if left open
- Gasket and locking mechanism create a tight seal to help reduce vapor emissions
- Lockable to prevent unauthorized access
- Durable, chemical-resistant powder coat helps ensure long service life
- Multiple lid color options let you segregate drums
- Textured, poly-coated interior adds chemical resistance, resists peeling and rusting; ideal for use with acetic acid, alcohol, water and other common liquids
- Low-profile steel drum funnel is perfect for pouring from small containers
- Built-in PIG Overfill Preventer stops flow when the drum is almost full to help you avoid messy overfills
