

PIG® Fat Mat® Oil-Only Absorbent Mat Roll

MAT4102 Extremeweight, 32" x 75', 1 roll

Double-thick version of PIG Oil-Only Mat has 16 layers for big cleanups. Spunbond top resists abrasions for long life.

- 16 layers of 100% polypropylene are thermally bonded to form one highly absorbent mat capable of drinking up huge volumes of oily liquids
- Tough, spunbond top layer stands up to heavy foot traffic; won't rip, tear, fray or create a trip hazard, even when saturated
- Fast-wicking "diaper action" transfers oil into the absorbent inner layers to keep moisture away from surface
- Absorbs and retains oils and fuels, not water. White color tells you it's only for oils and fuels
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Rolls are ideal for covering large areas and soaking up leaks and overspray
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Extreme heavyweight Fat Mat construction is ideal for applications that require long life and high capacity
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents

Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.
