

## PIG® Green Ham-O® Absorbent Mat Pad in Dispenser Box

MAT268 Heavyweight, 16" x 20", 100 pads

Brings the fun to leak, drip and spill cleanup! Ham-O layer camouflages liquids and grime while it absorbs; dispenser box is easy to store.

- Heavyweight mat pads are our most popular for messes, but they are best for big spills and heavy leaks around machines and equipment; dispenser box fits neatly on shelves or carts
- PIG-Printed Camouflage Mats are a fun way to absorb liquid and hide grime; Ham-O mats keep your workplace clean and your employees safe and happy
- Absorbed leaks and drips blend right in to hamouflage top layer so mat appears clean
- Scuff-resistant hamouflage layer resists rips, tears and abrasions from tools when used as a liner
- Use anywhere – line workbenches, counters and toolboxes, catch drips, clean up oil and grease in service pits and more!
- PIG Mat lasts 2x longer than competitive mats and won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
