

## PIG® Grippy® Adhesive-Backed Absorbent Mat for Garage Floors

MAT3251 Mediumweight, 32" x 40", 1 roll

Make the switch to the mat that sticks! Absorbent runner catches drips from vehicles or industrial equipment, and it won't blow away when the door is open.

- Adhesive-backed absorbent mat stays exactly where you put it with no shifting or bunching up underfoot
- Fits perfectly underneath vehicles to protect shop floors from oily leaks and drips; reduces cleanup time to keep your shop productive
- Sticks to most commercial floor surfaces including concrete, VCT, linoleum, ceramic tile, quarry tile and laminate flooring
- Proprietary adhesive sticks to the floor with a super-tight grip, but can be easily removed and repositioned so you can reuse the mat until it becomes saturated
- Tough, spunbond top layer with heavy-duty zigzag stitching stands up to rolling tires and service bay foot traffic
- Eight layers of fine-fiber polypropylene safely absorb and retains oils, coolants, water, grease, gasoline, solvents, auto fluids, paint overspray, battery acid and most other liquids
- Leakproof backing prevents absorbed liquid from soaking through to the floor
- Dark color hides grime so the mat looks cleaner longer
- Mat ends are heat-cut for a finished, professional look
- Tested and Certified by the National Floor Safety Institute (NFSI): when used as part of your floor safety program, high-traction surfaces such as PIG Grippy Absorbent Mat have been proven to reduce slip-and-fall claims by as much as 90%
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents

Specifications

|                                    |  |
|------------------------------------|--|
| <b>Antimicrobial</b>               | No   |
| <b>Traffic</b>                     | Medium Foot Traffic  |

## Disclaimers

Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.
