

PIG® Lab & Chemical Cleanup Kit

KIT5007 Absorbs Acids; Bases; Unknowns, 1 each

Be prepared for small spills in the laboratory with our grab-and-go clean up kit for acids, bases and chemicals.

- Compact design lets you store a spill kit virtually anywhere you need one for fast response
- Easy-open, resealable bag protects kit contents from dirt and moisture
- Single-use kit is faster and more efficient than dragging a large spill kit to a small cleanup; safer and more effective than using rags or paper towels
- Includes hazmat absorbent pads, acid neutralizing loose absorbent and base neutralizing loose absorbent to clean up most acids, bases and chemicals (absorbs up to 25 ounces)
- Disposable gloves, mini dustpan and disposal bag also included to aid cleanup
- Only PIG Spill Kits feature PIG Absorbents - the world's #1 selling brand
- Spill Kit dimensions are approximate

Disclaimers

[Acid Absorbents Notice](#)

Not for use with hydrofluoric acid as it may create a hazardous gas.

[Base Absorbents Notice](#)

Avoid contact with metallic nitrates, cyanides, sulfides and strong oxidizers. Contact with sodium or calcium hypochlorite creates chlorine gas.

[HAZ-MAT Notice](#)

To ensure effectiveness and your safety, we recommend that you conduct compatibility and absorption testing of your chemicals with PIG® HAZ-MAT products prior to purchase. If you have any questions or need samples to test, please call Technical Services.
