

PIG® Mildew-Resistant Absorbent Sock

PIG105 3" x 48", Absorbs up to 1 gal. per sock, 12 socks

Our best socks for soaking up water — clean up the mess, hang them out to dry and redeploy for more!

- Flexible socks stop leaks, spills and condensation from spreading into walkways; ideal for placement under freezers and coolers, surrounding equipment and stopping the spread of spills
- 100% polypropylene skin and filler resist the growth of mildew unlike cellulose absorbent socks
- Very effective and highly efficient for absorbing water; socks can be air-dried and reused (when absorbing water only)
- Contained absorbent makes cleanup quick and easy
- Two color options: choose yellow socks for high visibility or blue to blend in with surroundings
- Polypropylene skin resists tearing; reduces dust and holds in liquid, even when fully saturated

| Item# | Description | Dimensions | Weight |
|-----------|-------------|----------------------|-----------|
| PIG105-YW | Yellow, | ext. dia. 3" x 48" L | 13.8 lbs. |
| PIG105-BL | Blue, | ext. dia. 3" x 48" L | 13.8 lbs. |

Metric Equivalent:

| Item# | Description | Dimensions | Weight |
