

PIG® Oil-Only UV-Resistant Absorbent Mat Roll

MAT4107 Heavyweight, 32" x 150', 1 roll

Outdoor mat roll absorbs oils NOT water, and withstands direct sun for up to a year without disintegrating.

- No job is too big for our heavyweight mat rolls; our most popular mat weight is ideal for skimming oil off water, soaking up large-volume leaks and drips under and around outdoor machinery and equipment and in areas where frequent changeouts aren't possible
- UV resistant up to 12 months; won't degrade during long term outdoor use
- Catch leaks and drips in hard-to-reach locations outside where frequent changeouts aren't possible
- Absorbs oil NOT water; floats to clean up spills on water
- Bright-white color makes absorbed oil easier to see; draws attention to leaks and clearly shows saturation level
- Lasts 2x longer than competitive mats and won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Easy-tear perforations let you take only what you need, so you use less mat and save money
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents

Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.
