

## PIG® Rip-&-Fit® Absorbent Mat Roll

MAT252 Heavyweight, 30" x 50', 2 rolls

Extra perforations let you customize PIG Mat to the shape you need by just ripping and folding!

- No job is too big for our heavyweight rolls; our most popular mat weight is ideal for catching leaks, drips or overspray in walkways, aisles, large areas or tight or awkward spaces that require custom mat sizes
- Extra-wide mat is perforated every 10" across both width and length; comes pre-folded to fit small, narrow areas and unfolds to cover a larger area
- Custom to your application; create long, narrow strips to fit into tight spaces or bigger sheets for around machinery
- PIG Mat lasts 2x longer than competitive mats and won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
