

Poly Safety Shelf Can with Control Flow Faucet

CAN462 5 gal., Red, Bottom Faucet

Safety Shelf Can has a faucet built into the bottom for easy dispensing without having to move or lift it.

- Brass control-flow faucet allows precision dispensing without removing can from shelf
- 100% leak-tested and fully FM-compliant construction
- High-density poly resists dents, punctures and chemicals
- Stainless steel fittings are ideal for use with corrosive chemicals
- Current-carrying carbon insert prevents arc and provides proper bonding
- Rounded handle swings while you carry heavy loads
- Spring-loaded, self-closing lid is airtight to help control vapors and prevent spills
- Positive pressure relief cap automatically vents to guard against rupture and explosion
- Double stainless steel mesh flame arrestor stops flashback ignition but still provides fast liquid flow
