

Stylus Pro® LED Penlight

ELS212 LED, 90 Lumens

Slim light is the size of a pen, but provides up to 6.5 hours of illumination.

- Compact light can be stashed just about anywhere
- Proprietary Micro Optical System uses "Battery-Booster" electronics to increase output while reducing power usage; provides 6.5-hour runtime on two AAA batteries (included)
- C4 LED offers super-bright illumination of up to 90 lumens with a 30,000-hour lifespan
- Focused beam is perfect for distance or close-up viewing
- LEDs run cooler, last longer, use less energy and emit whiter light than incandescent bulbs
- Anodized aluminum construction with sealed O-rings, polymer liner, polycarbonate lens and shock-proof switch housing; resists corrosion, abrasion, impact and water
- Rubber push-button tail cap for easy operation, even when wearing gloves
- Belt holster lets you keep it right at your side
